

WABASH COLLEGE

Class of 2012 UPDATE

April 2016

Men of 2012 –

We had a great response to our request for updates. In a little more than a week's time, there were over 50 men who responded via the Google Form that was sent out... Thank You!

Apologies in advance if you don't like the photo we grabbed – Kyle did a bit of stalking on Facebook, LinkedIn, and the Wabash website to get something for almost everyone but next time, we will include an avenue to send in your best headshot or favorite picture to share with the class.

In the process, we also realized that there was some outdated information, particularly the best method of contacting you. Several email addresses bounced back, so we were not able to reach a number of classmates and ran out of time to personally contact them. Going forward, we will try and get specific updates from everyone so that we can better serve and connect you all to one another.

Missing Emails – Help!

Jason Allen	Dylan Andrew	Adam Andrews	Derek Bailey
Thomas Ballard	Jimmy Beasley	Garett Bonk	Neil Burk
Collin Carlucci	Drew Casey	Bob Cassady	Chris Daniel
Collin Dunlap	Lucas Evans	Ethan Flater	Ben Foster
Mike Gough	Reed Hepburn	Scott Hornblower	Tarriq Kanan
Mike Kays	Devin Kelley	James Kennelly	Brian Kested
Blake Litmer	Thomas Logan	Mike Lu	Stephen Luke
Justin Lyons	Kevin McCarthy	Gus McKinney	Marc Noll
Tommy Pecar	Rob Robson	Phil Rosborough	Sam Smith
Steve Stankovich	Kevin Steagall	Kyler Scott	Dave Tedla
Lewis Towne	Jordan Ward	Geoffrey Wright	Aaron Zinnerman

If you have a few moments, please reach out to any of the men above and tell them that we don't have an updated email account. You could also forward them this message and copy us so that we can get them in our list more quickly. It would be great to receive an update from them as well!

Still time to submit an update! → <http://goo.gl/forms/ZdudU3TYTv>

We will also plan to send a follow-up letter with news from the College in a few weeks. In that letter, this list of classmate updates will be included, along with anyone else who might have missed previous emails or postings on social media. Please continue to keep the updates coming! It was a lot of fun to connect with many of you and also hear how things are going. Several mentioned ways the class could help in personal and professional endeavors – be on the lookout for some e-introductions in the coming days for specific connections to people of similar interests or experiences.

Finally, check out the #2012Challenge tomorrow (sneak peak ☺) → <http://www.wabash.edu/427/>
In Wabash,
Kyle and Tyler

My wife Krista and I have been married for three and a half years and are expecting our first little one in November. We currently live in beautiful El Puerto de Santa Maria, Spain.

Professional –

I began working as a defense contractor outside of Washington, D.C. in June 2012. The job was good, but not the challenge I had come to thrive on at Wabash. I applied to and, after a lengthy interview process, was accepted into the Navy's Nuclear Propulsion Officer Program in August of 2014. I commissioned out of Officer Candidate School in Newport, Rhode Island in January 2015 and checked on board my first command, the USS PORTER in February. We, both the ship and my family, home port shifted to Rota, Spain in April 2015. Since that time I have sailed off the coasts of Syria, Israel, Greece, Russia, Ukraine, Italy, Georgia, and many other Mediterranean and Black Sea nations. I have transited the Istanbul Straits six times and have served as a Liaison Officer for several days on board

Hellenic, Israeli, and Romanian Navy ships. I am challenged daily in this high stress, high reward environment.

Favorite Memory –

It is hard to choose just one. I would say somewhere between practicing football in the snow and getting kicked out of the library as it was closing trying to finish some physics homework. Not too much fun then, but those are the things that have stuck with me.

Miss most about Wabash and/or College Life –

The ever present camaraderie across the campus. We were all Wabash men and cared about each other.

Engaged to be married Oct 29th 2016. Currently in Fort Wayne, Indiana

Professional –

For the past 4 years I have been working at a wealth management and financial planning firm in Fort Wayne (Wealth Advisors Group). I began in operations, and upon passing my series 7 and series 66 I transitioned into a role as our office Investment Strategist. I lead our weekly investment committee meetings and run portfolio construction and investment analysis for the firm. I am currently studying for a professional designation that I hope to complete in the next 12 months (CIMA, Certified Investment Management Analyst).

Favorite Memory –

My favorite memories from Wabash involve the many deep conversations and debates I was able to have with my friends and fraternity brothers at the Beta House.

Miss most about Wabash and/or College Life –

I miss the challenge that the curriculum offered, and I miss the entertainment that comes along with living in a house with 70 friends.

Miss most about Wabash and/or College Life –

Walking back to Lambda Chi Alpha about this time of year, when Spring is showing itself and the weather is finally nice enough to enjoy the Lambda Chi porch. Mack O'Shaughnessy ('11) would be playing guitar on the porch and you could hear it from the mall. The time of the year and that moment of your life was summed up and metaphorized by just that walk to the porch. I miss all of that.

Planning to Attend Big Bash (June 2-4, 2017) –

I have a son, Myca who is 8 (He was born before I left Wabash).

Professional –

I'm currently in the 4th year of my Ph.D. in Ecology, Evolution, and Environmental Biology. If the class could help me network for faculty positions in colleges at or around Wabash that would be great! I'd like to get a job close to my son who goes to school in Crawfordsville now.

Miss most about Wabash and/or College Life –

A sense of deep community. Although I'll always be a part of the Wabash community, it's not the same elsewhere in the world. Being on campus, doing coursework and research with your friends, and just experiencing the feel of everything is what I miss the most.

I am proposing tomorrow (Saturday, April 23)! We have no kids. We live in Peoria, IL and work in Dunlap, IL.

Professional –

In 2013, I returned to Wabash through their 4+1 education program. I earned my Indiana and Illinois teaching license that year as well. After Wabash, I moved to Peoria, where I taught anatomy and physiology along with biology at Peoria Notre Dame for two years. I recently switched schools and this is my first year at Dunlap High School. I teach forensic science and biology. I am looking to gain further education experience before moving to the Chicago suburbs to be closer to home.

Favorite Memory –

All the funfair surrounding bell week! Every year was great fun.

Miss most about Wabash and/or College Life –

The random late night shenanigans we would get ourselves into. I can't remember staying up that late in a long time. We had so much fun at FIJI.

Not married--but Miranda and I have been dating for over 5 years! We also bought a house in St. Petersburg, FL last June. We love the warm temps and sunny weather!

Professional –

Right out of school, I worked for the Secretary of State in Indy for about 8 months. Then I moved to St. Petersburg, FL and took a position with Franklin Templeton Investments. I have been in a leadership rotational program for the last year with a year remaining in the program. I rotate departments every four months, trying to get an idea of the different facets of the company. I like the company and the work I'm doing and hope to continue to work my way up the corporate ladder.

Favorite Memory –

Too many to document, but one of my many favorite is hauling a cooler over to the baseball field and yelling at the left fielders of the opposing teams with Ike and others.

Since May, 2012, I've been slowly building a small business. We do Coaching & Consulting for Small Business, Career, Life, and College Readiness. Our company is called Sprowl & Smith Coaching (www.sprowlsmith.com). I am the CEO and occasionally do Business Development & Startups coaching. We are happy to announce that now we have exposure to 93 countries and over 1,300 cities. I'd love for the class to assist me in getting more local potential clients. Our office is in Broad Ripple.

Favorite Memory –

Playing dozens of rounds of ping-pong in one single match around 3am (and procrastinating on an essay that would be due in just a few hours) and sitting in the bench-swing on the porch of the former 310 Crawford while having some red wine and enjoying friends/classmates' companies.

Miss most about Wabash and/or College Life –

No kidding, I literally had a dream about this tonight (without seeing this before)! Anyways, to answer the question, and attempting not to go all philosophical on it, what I miss most about college days is living in the moment.

Professional –

I have been fully engaged in the excavation and farm drainage business with my father since 2012. We have made some strides to be more competitive in the industry with the purchase of modern technology and certifications from IOWPA for septic installation. We have had the pleasure recently to have done some work for Wabash alumni that own land in our work area.

Favorite Memory –

A few classmates and myself went for a walk the first full week back at Wabash in fall 2011 on the old railroad trail beginning at Sugar Creek and walking all the way back to campus. I grew up 34 miles from Wabash fully engaged in agriculture. Scott Hornblower did not. We are heading to the commencing point of our walk along which I can see down over a soybean field. I commented on how it looked like a nice crop in the bean field. Scott replied with "what kind of beans? How do you know?" I couldn't help but retort back with how I grew up in this area and how I just know.

We started our walk back to campus after walking along the creek for a good distance. This trail has different scenery around it. (I suggest that you stroll down it sometime when you're back at campus if you didn't while at Wabash.) I noticed a corn field at one point just over the fence and through a slim line of trees along the trail. My instincts kicked in and I walked over to the field a picked an ear of corn. Scott Hornblower watched intently from the trail. I returned to the trail shucking the husk off the ear of corn. I looked it over, began shelling the kernels of corn off the cob and tossing them along the trail for nature to eat. We turned to continue our walk when Scott looks at me and asks, "corn grows in the middle?" I was a little surprised at his question, or reaction, and simple told him "yes".

After we returned to campus and possibly a few days or weeks later I asked him about our walk that day and corn growing in the middle (of the stalk). He got worked up just a little and told me that all the Thanksgiving books with pictures of corn had lied to him his entire life. I could only chuckle at this and since then his question that day has been a tag line for him when leaving conversations.

I am thankful for all the unconditional support I received from my Brothers at Phi Delta Theta and the Football team.

Miss most about Wabash and/or College Life –

You guys provided an escape for me. Many of you at some point, some way, helped me out. My freshman year with the Football team was the most enjoyable team I've ever been apart of, thank you. I love and miss all of my brothers at Phi Delt. My sophomore year I became a Dad and began working full-time. While I continued a full-time course load and still graduated on time, I wasn't able to spend as much time with you guys as I wanted, but you were always there for me. To study, chill, party, whatever I needed, you were there. Thank you from the bottom of my heart.

Kathleen and I will be married in August 2016. Also bought a house last May, located just north of Broad Ripple -- classmates always welcome to drop by and crash as needed. Hit me up when you're in the area!

Professional –

I have been at Finish Line for almost two years now, focused primarily on IT Strategy and Service Management. Still trying to figure out what I want to do when I "grow up," but enjoying the challenge of Corporate IT work and using my liberal arts education to communicate on behalf of our department.

Favorite Memory –

Painting the Senior Bench for the first time my pledge brothers. I recall that it started storming shortly after we finished the final layer of Fiji Purple, and then we all worried what the campus would say about the batched job. Luckily we were able to touch it up in the morning just as President White arrived in his Buick.

Miss most about Wabash and/or College Life –

Chapel; walking across the Mall when class let out and instantly striking up x number of conversations with students and professors alike; Immersion Trips and the relationships built abroad; always learning something from my classmates

Planning to Attend Big Bash (June 2-4, 2017) –

Yes! Wouldn't miss it!

Personal –

I live in Greencastle where I serve on the City Council--we are trying to Make Greencastle Great Again!

I am currently the Senior Assistant Director of Admissions at Wabash. You can help our cause in a number of ways--referring prospective students to Wabash, volunteering to participate in programs or by reaching out to families to talk to them about the value of a Wabash Education.

Favorite Memory –

Midweek chats over TWR with friends

Miss most about Wabash and/or College Life –

It sounds weird looking back but going to class!

Planning to Attend Big Bash (June 2-4, 2017) –

Yes! Wouldn't miss it!
